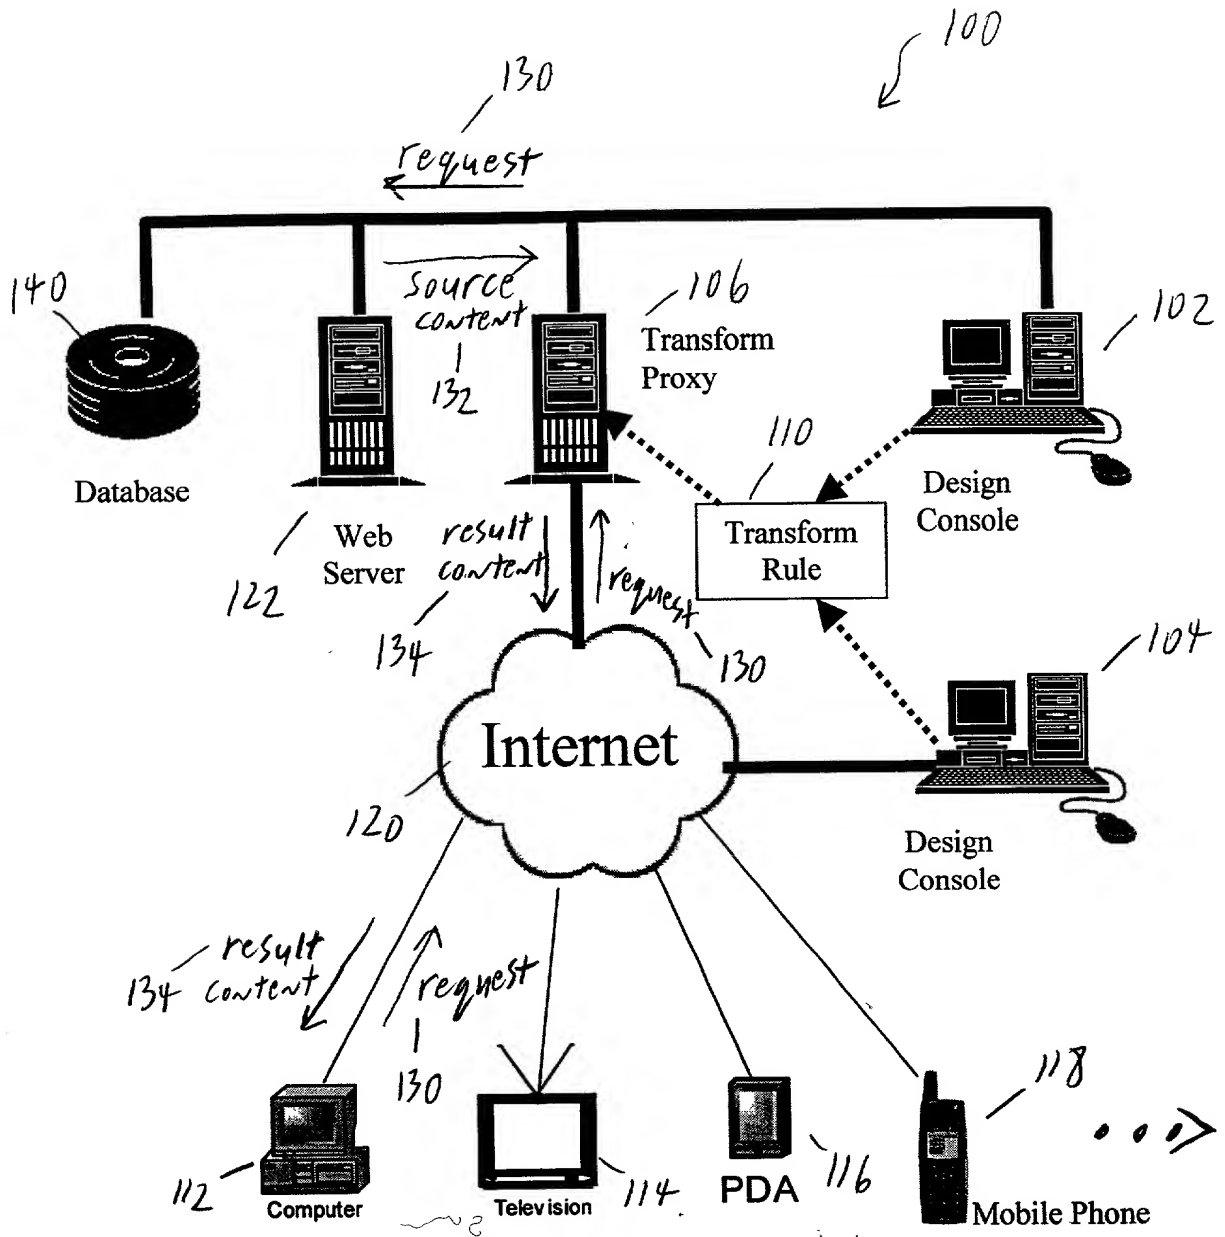

Fig. 1

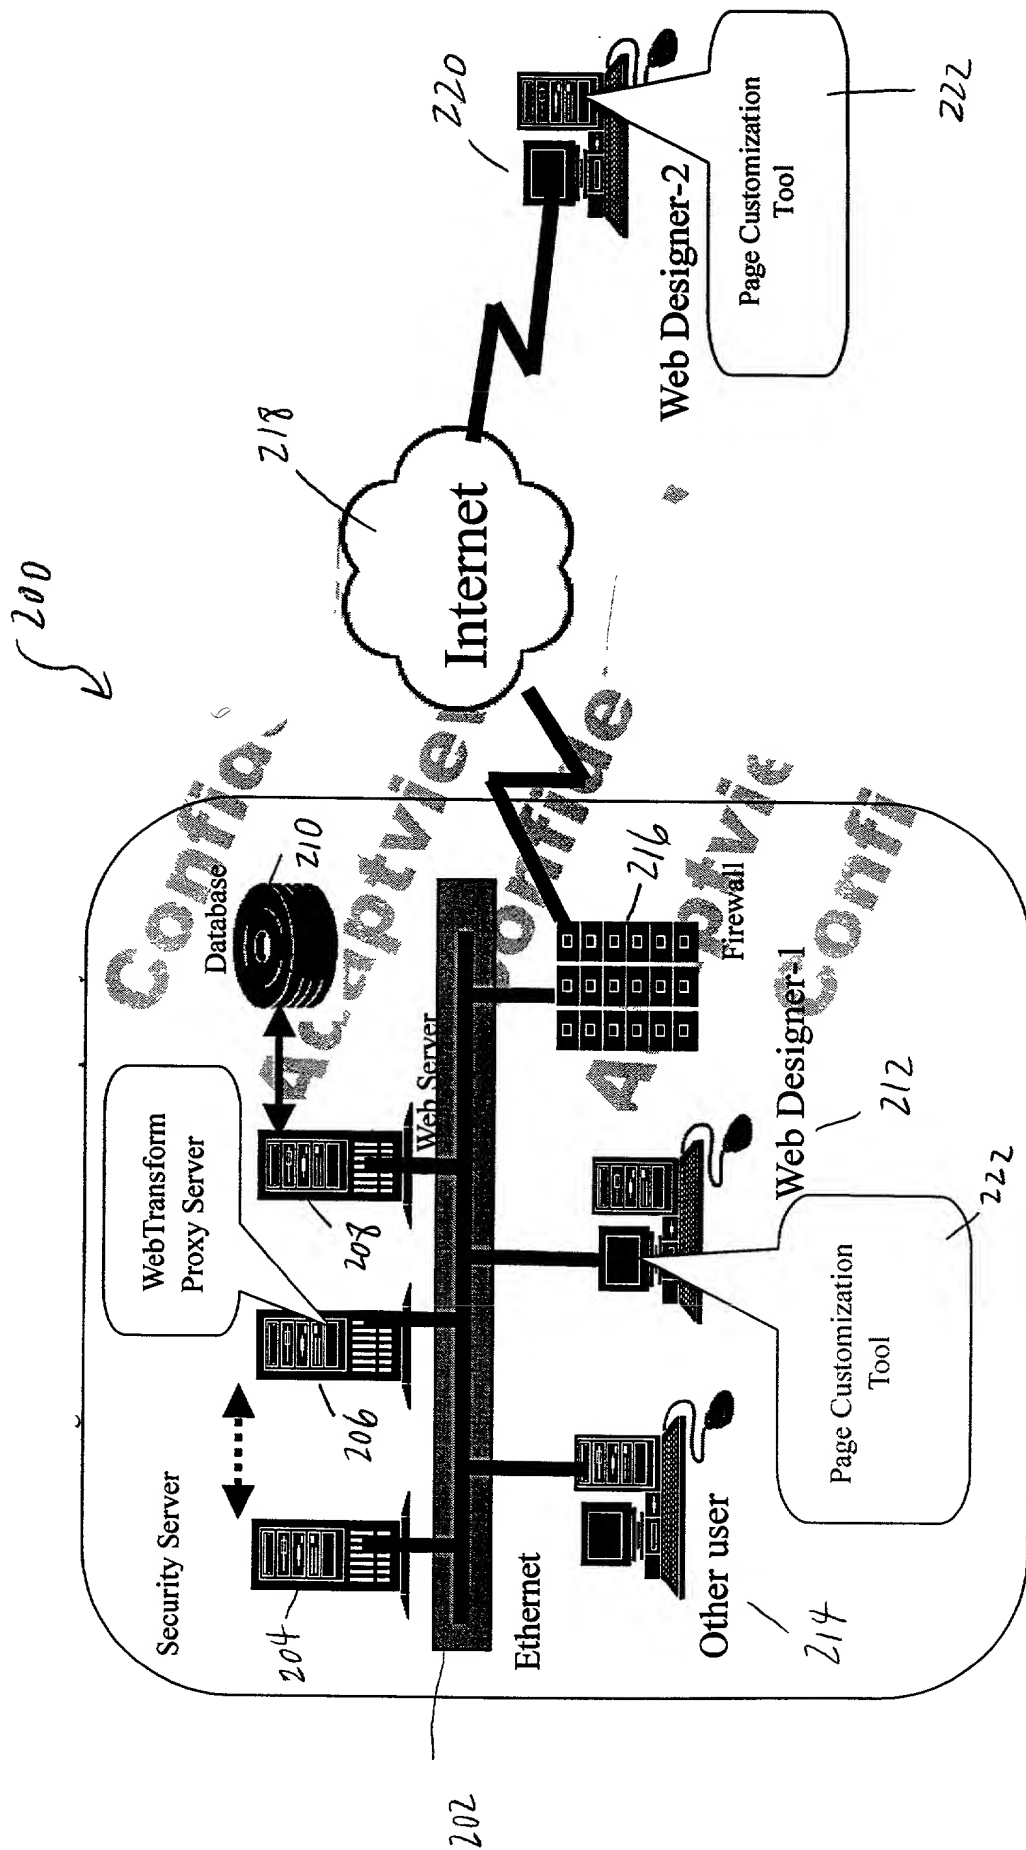

Fig. 2

Figure 1 is a screenshot of a web browser displaying the Yahoo! homepage. The browser window is divided into two panes: "Result Page" on the left and "Source Page" on the right. The "Result Page" shows the Yahoo! logo, navigation links (Auctions, Messenger, Check Email, What's New), and a search bar. The "Source Page" shows the same content but with a "Normal View" button and a "Transform Attribute" dialog box open. The dialog box has a "Filter" dropdown set to "false" and a "Replace by" field with a URL. Handwritten annotations include "304" pointing to the "Result Page" title, "306" pointing to the "Transform Attribute" dialog box, and "300" pointing to the "Source Page" title.
